## Using a vehicle on Company business

New legislation means that if you use a vehicle on company business or ask other people to use their vehicle on company business you have an obligation to ensure that the vehicle is road worthy, insured and has an up to date MOT etc. This does not just affect people with employees and company cars. If you wish to know more please send me an email and I can forward your enquiry.

## Text Messaging

I will be implementing a new system whereby I will use text messaging to keep you informed of when your tax return and account deadline is. This will ensure that I am keeping you informed on a regular basis.
